W. F. NICHOLS, OF COCHISE.

SILVER, COPPER AND LEAD.

Silver was quoted yesterday at \$1.14 per ounce; copper at \$16.75 per 100 pounds, and lead at \$5.12 1/2 per 100 pounds.

REPUBLICAN COUNTY CONVENTION.

At a meeting of the Republican Central Committee, of Maricopa county, held in the City of Phoenix, September 18, 1890, it was resolved that the primaries to elect Delegates to the Republican County Convention be held on Thursday, September 25, and that the Convention itself be held on Monday, September 29.

The apportionment shall be the same as was made for the Territorial Convention primaries, with the same Judges and Inspectors, to-wit:

PRESIDENT.	VICE.	INSPECTOR.

Carrington.....	Carrington.....	Mr. Green
H. H. Wharton, Secretary.	T. W. Hise, Chairman.	

ARIZONA PRESS ASSOCIATION.

The undersigned respectfully invite all editors and managers of the Territorial press to meet with them in the City of Phoenix, at 10 o'clock, October 16, 1890, for the purpose of perfecting the organization of an Editorial Association.

W. L. VAIL, Tucson Citizen.
L. C. HUGHES, Tucson Star.
ED. S. GILL, Phoenix Republican.
J. O. DENBAR, Phoenix Gazette.
N. A. MORFORD, Phoenix Herald.

Best the Maricopa County Democratic ring.
Keep your eyes on the Cochise colony and its candidates.

With a strong ticket, Republican success is assured in this county.

Democrats in Congress maintain the reputation of that party as obstructionists.

Every Republican should attend the meeting tonight to nominate delegates to the County Convention.

Still we are waiting for an answer to our question: "What has Mark Smith ever done for Arizona during all his two terms in Congress?"

Every newspaper publisher in Arizona should attend the meeting in this city, October 16, for the purpose of organizing an editorial association.

By what authority does C. R. Hakes solemnize marriages, signing himself a minister of the Gospel? Since when has the Mormon church ever had any ordained ministers under the intent and meaning of the law?

MINISTERS of the Gospel and Justices of the Peace are warned not to fail in filing the necessary papers with the Probate Judge made out in accordance with the statute governing marriages, after solemnizing such ceremonies. There is a fine of \$300 provided for omissions of this kind.

It is a sad commentary on the gratitude of this great and wealthy nation that Mrs. Jessie Benton Fremont, the widow of the great Pathfinder, should be sick and in absolute need. Congress should immediately pass the bill granting her a pension, and the California Pioneers should see to her immediate needs.

W. T. GRAY, whom his party now coolly shelves, has proven himself an efficient officer whenever occasion has arisen to test his qualifications. He is now out, with a competent deputy, on the trail of the Mexican who killed the Pima Indian near Tempe last Friday. If energy will do it, "Bud" will capture his game.

PINAL County Republicans held their convention Saturday and nominated an exceedingly strong ticket. It is headed by A. J. Doran for the Council, than whom there is no better man in the Territory. The remainder of the ticket is made up of some of the best Republicans in Pinal County. All enterprising and progressive men, everyone of whom should be elected. We predict a glorious Republican victory in Pinal in November.

MANY Mormons claim that they can take the Test Oath, some say two-thirds or more. If so, why do Mormons and their sympathizers who are such for "revenue only" cry out so vigorously against its being made the law in Arizona. Why do they sneer if they will not be hurt? This reminds us of what Fred Dubois, the Delegate to Congress from Idaho, said recently before the House Committee on Territories. He was asked, "Now, Mr. Dubois, what do you do in Idaho if the Mormons take the Test Oath?" "Why," replied Mr. Dubois, "we indict them for perjury and send them to the penitentiary," and this same course will be pursued in Arizona when the time comes.

SENATOR HENRY M. TELLER.

Senator Henry M. Teller, of Colorado, the conspicuous leader of the silver Senators in the great struggle for bimetalism so successfully waged in the present Congress by the Representatives from the mineral producing States of the West, aided by some few prominent Eastern Senators, has been fifty recognized by the Colorado Republican Convention, which endorsed the Senator and instructed the Republican Representatives in the next Legislature to cast their votes and use their influence to secure Mr. Teller's return to the United States Senate.

Such recognition by the Representative Republicans of his State is highly flattering and shows a just appreciation of Senator Teller's eminent services in behalf of the people he represents.

The good effects of the arduous and intelligent service of Senator Teller are by no means confined to his own State, but extend into every State, Territory and mining district where the ore produced carries silver.

His long and exhaustive researches into the financial systems of the several countries of Europe convinced him of the existing necessity in those countries for all the silver they had, and enabled him to successfully refute the war cry of the gold champions to the effect that if silver was nationalized in this country the United States would be flooded with silver from the hoards in the vaults of Germany and other European countries. That he was correct in his argument is being practically demonstrated at the present moment with silver quoted at \$1.15 to \$1.16 per ounce.

The silver streams that were to pour across the Atlantic and flood this country have not come, and when the fight for unlimited coinage is again a subject matter in Congress the question of our country being made bankrupt by the cheap silver of Europe will not even be an agitating topic in the debate. Arizona, too, has received its proportionate benefits of the labors of Senator Teller and his co-workers in the Senate, as the increased activity in our mining industries amply attest.

If elected by the next Legislature, it will be the fourth time that Colorado has sent "Silver Teller," as Bill Nye soubriquets him, to the Senate, his first term being for the period of three months only at the time of the admission of Colorado, but his next term will be by far the most important of all his public service, in as much as it may be regarded as a certainty that during that time the final struggle will occur to place silver on an equal monetary basis with gold in the United States.

C. R. HAKES is a candidate on the Democratic ticket for the office of Supervisor of Maricopa county. That is, calmly ignoring the claims of several well-qualified citizens of the Democratic persuasion, the Webb-Fickas combination re-nominated the gentleman in question. Among the many reasons that are apparent why Mr. Hakes should not again occupy the position he now fills, it might be mentioned that he is the second counselor to the President of Maricopa Stake of Zion—that is, he is a high dignitary in the Church of Latter Day Saints—a Mormon. Being such, by the mysteries of the Endowment House, by the vows that every genuine Mormon must take, he has placed a polygamous and law-defying theocracy above the laws of a nation whose statutes should be the supreme earthly guide of every patriotic citizen. He has sworn allegiance to his church, even though such allegiance means defiance of the Union. He has subscribed to a creed the foundation stone of which is polygamy—a crime. It is openly asserted in Mesa that in the public services of his church this same Hakes has declared that "the blood of Joseph Smith will be visited upon this Nation!" All these things in view, how can it be that the affront is mustered to come before the free and sovereign electors of this county to seek an office, the duties of which are to administer the laws of the Government upon which he has sworn vengeance? The people understand the measure in its full iniquity, and will rebuke at the polls the vicious ring that makes the nomination of such men as C. R. Hakes possible.

If the Republican party succeeds in disfranchising the Mormons will it also exempt them from taxation?

So say some of the Democratic organs. This is the first time we ever heard of an alien's property being exempt from taxation. Aliens have no representation but their property is taxed all the same. When the acceptable time arrives and Mormons are classed with aliens—worse than aliens—their property remains in the same condition as before. Of course wealth is not a just estimate of a man's citizenship but the fact remains that the Mormons all through dictating the policy of the Territory, pay a very insignificant portion of the taxes. If they were such a thrifty and industrious people as is claimed by their admirers—that being one of their stock in trade arguments—then they would accumulate property as other citizens do. The Mexicans cultivate more land than all the Mormons (and they are numerous) in the town of Springerville, in Apache county, the farm of President Udell, the head of the church, excepted. One hundred Mormon families in St. Johns cultivate less than 3000 acres. We deny even the boasted industry of the Mormons.

JUDGE ANDERSON of Utah made a good point against some of the Mormons the other day when he told them that their refusal to promise to obey the anti-polygamy law in the future stamped the professions of their people in regard to the abandonment of polygamy as false. The Mormons are holding out the idea that the practice of polygamy has practically ceased in Utah, and that, although they believe that polygamy is a divine institution, they have no intention to take advantage of their privilege of entering into plural marriage. But term after term of the court sees polygamists arraigned, tried and convicted of violating the anti-polygamy law; and, term after term, polygamists refuse to promise to obey this law in the future. If these men

were prompted by a sincere desire to comply with the law, if they had, in fact, abandoned polygamy and were without any intention of practicing it in the future, they would not hesitate to declare their purpose to cease the practice when asked to do so in court. They are polygamists at heart, and they will not give up plural marriage as long as they can possibly cling to that institution.

FREE TRADE, by giving all products of labor, foreign as well as domestic, equal opportunity in our markets, would force prices to a common level, and in the end compel all workers to accept a common price. From this there would be no escape, as workmen in this country would find themselves confronted with the alternative of accepting as low wages as their foreign competitors were willing to accept or not working at all. In the ensuing universal contest for the necessities of life it would be found impossible to elevate the standard of wages, even if all the world's workers possessed the ambition and intelligence required for effort in that behalf.

EUROPEAN nations don't like the McKinley Tariff bill, but it is satisfactory to American laboring men. The fifty-first Congress is legislating in the interest of the United States, not to suit European manufacturers.

THE CIRCULATION OF THE REPUBLICAN is larger than that of any other two daily newspapers in Arizona combined.

WANTS.
The quickest returns for the least money are to be obtained from the REPUBLICAN'S WANT COLUMNS. Situations Wanted, Help Wanted, For Rent, For Sale, To Let, To Exchange, One Cent a word each insertion, or by the month at Five Cents per line per day.
